GREEK AND BULGARIAN SEEK TO BE RECONCILED

**Bulgarian Army is Steadily Re-
treating Before Their Victo-
rious Opponents**

**ROUMANIA MAY
JUMP EITHER WAY**

**Greeks Threaten to Take Rigorous
Measures to End Alleged
Bulgarian Atrocities**

By Bulletin Leased Wire.
London, July 9.—Out of the mists of conflicting stories from the Balkans it is almost impossible to find the truth. This was markedly illustrated tonight in a dispatch from the Daily Telegraph's correspondent at Uskup, dated Tuesday night, reporting that there had been heavy fighting in the last few days, while Bulgarian despatches reported that the Serbian army had been driven back across the frontier.

There seems to be little doubt that General Vukobratovic's army is steadily retreating before the victors (Greeks) and it is believed that the Bulgarians have evacuated both Kavala, where the Greek fleet is operating, and

Vienna Report Probable.
Whether there is any truth in the Vienna reports to the effect that Bulgaria has repudiated the Greek charges of atrocities is not known, but it would appear not unlikely, since these things are not going well with the Bulgarians, and the outbreak of cholera at many points in the field of operations combined with exhaustion of the army by the fierceness of the struggle is calculated to render some such solution welcome to the combatants. This is especially so in view of the uncertainty of the policy of Roumania, which is now reported to be equally ready to attack either Serbia or Bulgaria, and the army may decide to attempt to prevent a recurrence of the Balkan equilibrium.

How to Deal With Dead and Wounded.
The problem of dealing with the dead and wounded is proving a very serious one. The nursing resources in Belgrade are so nearly exhausted that all accommodations there are completely overtaxed, and the Serbians have permitted a pause in the operations to allow of the removal of the dead and the removal of the wounded and the carrying out of military measures to prevent a spread of the disease.

The Greek government has made representations to the other Balkan governments against massacre and atrocities alleged to have been committed by the Bulgarians in Macedonia, Thessalonica, and elsewhere, and in violation of the international laws of war. This aspect of the case has been left to the future Greek will be obliged to take rigorous measures to put an end to Bulgarian atrocities.

A Greek official statement asserts that instead of 20,000, as alleged by Bulgarians, Gen. Vukobratovic's army consisted of 120,000 men.

Town of Smolenski.
London, July 10.—A correspondent of the Daily Telegraph, who arrived at Smolenski Saturday morning describes the town as a reeking heap of smoking ruins and confines the reports of murders and burnings committed by the Bulgarians in the villages around, as well as the fact that 1,500 people have been killed in this district since the respondent declares these atrocities have induced the Greek soldiers to a frenzied rage and desire to be avenged on the Bulgarians, which carries them in victories against any ene-

Greek Reverses Reported.
Serbia, July 9.—The Greek reverses reported by the Daily Telegraph are successful throughout the fighting. The Serbian attacks from Smolenski to Patriza according to the reports were repulsed, the Bulgarians were driven back and retreating in the direction of Kuchukani burned by the Bulgarians.

Prize Taken Action.
Constantinople, July 9.—The Greek army of Bulgaria to the request of the Serbian Porte agreeing to evacuate the Maritsa coast, intimates that the Bulgarian delegate, M. Natchevitch, north of the Maritsa river, has been ordered to leave the city. The Turkish army is empowered to negotiate a settlement of the Maritsa question.

In the meantime the Porte, without waiting for this settlement, has de-

THE WAR FIGHTING AND THE POPULATION.—The authorities differ as to the strength of the Balkan armies. The figures shown are taken from the London Daily Mail year book, and probably underestimate the facts. It is probably safe to say that a million men are under arms.

RETREAT IS ORDERED IN PRINCE ALBERT MURDER

Two Were to Be Hanged For One Offence—In Trials, Each Blamed Other for Having Committed Crime.

By Bulletin Leased Wire.
Prince Albert, Sask., July 9.—News was received in the city tonight that the supreme court on July 8 at Regina has ordered a retrial of Lewis Katz, a Hungarian, who was sentenced to the gallows on July 25 for the murder in February of Charles Hargrave, a Canadian.

Henry Kovach, a Hungarian, was also sentenced at the same court, being hanged on July 15th for the same crime, the jury finding that he was an accessory to the fact of the crime.

Each of the men was the principal witness against the other and each blamed the other for committing the crime. A retrial will take place here in November.

FRENCH CRUISER IS VISITING MONTREAL

**Decorates Stationed in West Indies
and on American Coast During
Winter—Will Remain Two Days
And Will Take Part in Celebration**

Montreal, June 9.—The French battleship, the Descazes, arrived at Montreal today. Immediately after arrival M. Louis Raymond, the French vice consul and M. F. H. Chabre boarded and cruiser and welcomed the French commander in the name of the French citizens of Montreal.

The Descazes has been stationed in the West Indies and on the South American coast during the winter. During the fishing season she patrols the coast of Newfoundland to protect the rights of the numerous French fishermen. The Descazes is a French cruiser of the Descazes class, and is the fourth of a series of four similar ships.

The cruiser will be here for two days and will participate in the celebration of the French republic on Monday.

Innisfail Election is Contested

**John A. Simpson, Defeated Liberal
Candidate, Takes Action
Against F. Archer**

Calgary, July 9.—Another election protest has been lodged this time in Innisfail, where F. Archer, the Conservative candidate, was returned by a majority of eight votes, one of the smallest at the elections on April 17. John A. Simpson was the Liberal candidate and had represented the district for many years in the Liberal interest. He was the father of the protest, which was filed in the name of the Liberal party.

The usual charges are made in the protest, which will not be heard for some time yet.

There are no other protests being mentioned previously and there are likely to be few more, as there are only six seats in which protest was made, and the time limit for protest is now closed.

THIRTY HAD NARROW ESCAPE

**Car Got Away From Engine and Was
Destroyed**

Namoose, July 9.—Thirty passengers in the passenger coach on the coal train operated on the Canadian Pacific railway tracks between Cumberland and this point had a narrow escape from disaster.

At a curve a coupling pin of the passenger coach broke and the car was thrown off the rails. The train was going at a fast speed at the time of the accident the car was derailed and was then righted and set on its wheels. The coal cars were smashed up and sent skidding down the embankment and its thirty occupants escaped injuries.

DROWNED IN TRYING TO RESCUE COMRADE

Two Men Lost Their Lives Near Golden, B. C., Sunday Afternoon, While Trying to Save a Friend Who Had Been Drowned.

By Bulletin Leased Wire.
Golden, B. C., July 9.—John McLean, Graham and Frank Hamilton, deck hands of the Stamer Northwick, were drowned at Atholair last evening. It appears that Hamilton and McLean were in bathing together and suddenly it was noticed that Hamilton appeared to be drowning.

Before Weston could enter the water to assist Hamilton, McLean jumped in and tried to save him. Hamilton and McLean were an old time in the water. Just about three years ago McLean's brother was drowned near Spillimacheen.

ANOTHER BODY FOUND IN RIVER AT SKARO FERRY

**Not Known Yet Whether it is
Patton, Sexton of Calgary or
Wahl**

Another body has been found in the Skaro river, near the Skaro ferry, the body of a man in the Skaro river. The body was reported to be badly disfigured, but no other details were given. It is not known whether the body is that of Patton, Sexton of Calgary or Wahl.

Inspector Blute at once gave the information to the mounted police authorities and to Constable and McKeen, and also informed the bodies of the Marshall's company, in the hope that the body may be that of young Patton, the engineer who was one of the victims of the motor boat disaster.

Inspector Blute thought the body might be that of Patton, as the latter had been seen in the Skaro river. The body was found yesterday at the Skaro ferry, near the Skaro river.

**LARGE MEETING
HELD LAST NIGHT**

**Said That Almost All Workers in
City at Present Are Union
Men**

Should the contractors employing electrical workers not come to an agreement with the union in three weeks' time the men themselves will form a co-operative shop and carry on some work of electrical work themselves, according to the resolution passed at a meeting last night held by the union.

Two hundred and twenty electrical workers who are now and filled the hall for three hours in the afternoon session of the meeting. Several speakers addressed the meeting and the press in general came in to see the proceedings.

"We have not received a fair deal from the papers," said A. N. Macdonald, president of the union, "the Trades and Labor council." The union has been working under a year contract and would have stayed by it but the contractors on many occasions have performed the work of the union men.

MUNICIPAL CONVENTION IN SASKATOON

Mayor Short and Aldermen May
Will be Representatives of
This City

MANY QUESTIONS
TO BE DISCUSSED

Delegates Will be in Attendance
From All Parts of the
Dominion

Mayor Short and Aldermen May will leave for Saskatoon next Monday evening as representatives of Edmonton at the thirtieth annual convention of the Union of Canadian Municipalities to be held in that city on Tuesday, Wednesday and Thursday of next week.

Every year the convention of this body of men, representing practically all the cities and larger towns of Canada, as well as a number of the smaller municipalities, are growing in importance in the effect they have on the municipal government of the Dominion.

It has been said, "Times annual conventions of municipal government are the best practical method of learning at first hand the latest methods of municipal government and at the same time the only way of forming a link of co-operation and co-operation among the municipalities of the Dominion."

Municipal Parliament. The annual convention of the union has frequently been called "the Canadian Municipal Parliament," and as proceedings are attended with great interest by hundreds of thousands of citizens.

The Union of Canadian Municipalities, said speaker last year, "is a body of far greater public importance than can be deduced from the history of merely the actual changes it has introduced into the municipal government of the Dominion. It has been a steady educator of public opinion, of that public sentiment which, after all, is at the root of all progress."

This year's convention promises to be of exceptional interest, not only from the large number of cities and towns that will be present, but also from the subjects to be discussed. Mayor Short of this city is to give a talk on "City Development." Other subjects chosen for papers are:

Other Addresses. "The Increasing Complexity of Municipal Government," by Mayor Hickson, of Victoria.

Report of the Royal Commission of recent Columbia on Municipal Government," by Mayor Gray, of New Westminster.

"Under-Representation of Cities," by W. L. Laidlaw, of Vancouver.

"The Union of Canadian Municipalities," by J. N. Haynes, deputy municipal commissioner of Saskatchewan.

"The Want of Rural Municipalities," by J. N. Haynes, deputy municipal commissioner of Saskatchewan.

"City Control of Water Power," by Mayor Officer, of Port Arthur.

"Town Planning," by C. J. Yorath, city commissioner of Saskatoon.

"The Improvement of the Conservation of Our Great Inland Waters," by T. L. Church, city controller of Toronto.

"Municipal Voting, by Wards and at Large," by Mayor Stricker, of London.

Subjects to be Advanced. The following subjects will be brought forward and presented to a leader to be followed by general discussion:

Inter-Provincial Highway, including Waterway Stock into Public Utility Corporation.

Treatment of Garbage.

Capital Cities in Relation to the Federal and Provincial Governments.

Results of Commission Government.

Municipal Publicity.

Experience of a General Manager.

Highways in Relation to City and Rural Municipalities.

Housing Conditions Necessary for the Property of a City.

Business Conditions of City Streets.

Improved Systems of Water Filtration and Purification.

Program of Tuesday. The election of officers and the choosing of new year's convention will take place about the third day of the gathering. The only set program for a day is the one scheduled for Tuesday, July 14, as follows:

10 a.m.—Delegates will register name and address in the morning and afternoon. Meeting of the Executive in the morning.

2 p.m.—Convention opened by the president, E. A. Layton, Esq., K.C., mayor of Montreal.

Address of Welcome—Hon. W. A. Mackenzie, Esq., minister of the interior, in behalf of the delegates.

White Rock Water

Attested by L. L. L. D., L. L. D., the famous Professor of Pathology, states that the water is as pure as fresh water at all times. Especially true in the case of the White Rock Water which is always of the highest quality.

WHITE ROCK Water is the only water in the world which specifically meets the requirements of the most exacting standards of purity. It is the only water in the world which is as pure as fresh water at all times.

THIS IS THE 243rd YEAR OF OUR EXISTENCE AND WE HAVE MIGHTY GOOD REASON TO CELEBRATE

—243 years—yes, indeed, a mighty long time for one concern to be a leading factor in the commercial life of the world. We have reasons to celebrate—many of them—not only because we have reached a ripe old age, full of vigor and progressiveness of youth, but we can look ahead and see a wonderful future before us. Right now, in other cities of the Dominion, and in Edmonton, we are building greater stores—to better serve our countless patrons.

—We are in the very midst of a great July Clearance and Rebuilding Sale—an event of immense importance to the housewives of this city. To impress upon your minds the anniversary of our birthday—and further to prove to you the wonderful value giving during this wonderful sale—we will make tomorrow famous as “243 Day.” Everything in this advertisement at the one special price of \$2.43—and scores of other rare bargains throughout the store that space will not permit telling you about. Come early tomorrow—don't neglect this opportunity—these items are marked at \$2.43 for tomorrow's selling only.

The new suits for fall

To show the newest things first—is one of the many characteristics of this "live store."

For early display we have received an assortment of cut-away fall suits for the coming season and a display of them is now made.

While the tailored suits will be popular, there is a tendency for fancy suits as well, the more dressy the style the more cut-away and the more drapery used on the skirt.

Staple effects in serges and chevots. Tweeds also will be very popular as well.

To describe them satisfactorily on paper is a hard proposition, it would be better if all would visit the suit department, second floor, and ask to be shown these new arrivals.

In the window will be found an excellent display of these new suits. Any one that is in the window will be cheerfully taken out for you to inspect.

STRIKERS ARE PICKETING THE WORK IN CITY

Electricians are systematically endeavoring to make tie-up Complete

MASTERS MAY BRING IN MEN FROM OUTSIDE

The Correspondence Which Has Passed Between Contractors and Union Before Strike

All electrical workers in the city who are members of the International Brotherhood of Electrical Workers are out on strike today, and over a hundred men are out acting as pickets. The city has been mapped out in districts and each district placed in charge of a picket leader. The men on strike are viewing any job where work is still in progress and explaining the situation to the men still at work, with the object of inducing them to leave work.

Considerable inconvenience is being caused to the public and in many cases houses are left without electric light or with lights only partially installed. It is understood that all attempts at negotiation have failed, and the contractors will probably decide to bring in men from other cities. In this case there is likely to be trouble between the union and non-union men.

Get Sufficient Men. One contractor stated yesterday that he thought there would be no difficulty in getting enough men for present requirements. It would take a few days, during which time electrical wiring in the city will be practically at a standstill. In a few cases where members of the electrical workers' union are taking advantage of the present time to wire their own homes, they are being stridently rebuffed by the pickets.

All the men on strike are reporting daily at the union headquarters, 315 Gledhill Building.

The steps leading up to the present situation may be traced from the following correspondence, which includes all the communications of importance which have passed between the union

and the contractors bearing on the present strike and picketing.

International Brotherhood of Electrical Workers
118 Gledhill Bldg., June 27th.

A. E. Wetmore,
Secretary Builders' Exchange,
Dear Sir:

As you are probably aware, a committee of the above has been formed to confer with the electrical contractors, to make an agreement which we submitted some time ago. Our business agent, Mr. McKay, has been endeavoring to arrange a date with you, on which we can get together. Up to the present he has been unable to do so. This we consider very unsatisfactory for all parties concerned.

We have decided if no date is forthcoming by Monday, June 26, to hold a meeting in the Moose Hall on the following Thursday, to which all contractors will be invited to attend.

But, sir, we would very much rather that you arrange a date, if at all possible, within the stated time.

Trust to receive a favorable and immediate reply.

Yours truly,
M. HENRY MILLER,
Chairman of Committee.

Edmonton Builders' Exchange
M. Henry Miller, Esq., June 26th
Chairman of Committee of Electrical Workers' Union.

Dear Sir:

I am advised by the Electrical Contractors' Association, that owing to the fact that one of the members of the said association has recently been ill, and another, from the city, it has not been possible to appoint a committee to meet on Monday or Tuesday of this week and therefore should be in a position to meet you later in the week.

I shall advise you as soon as the committee has been appointed. Very truly yours,
A. E. Wetmore,

A. E. Wetmore,
Edmonton Builders' Exchange,
Dear Sir:

In regard to your of the 26th inst. the committee, before the fact that without two individuals of the electrical contractors the association has been unable to give us a meeting.

We have decided to carry out

our original intention as expressed in our previous letter. Yours truly,
M. Henry Miller,
Chairman of Agreement Committee.

June 26th.

Gentlemen: A committee of the above has been formed to confer with the electrical contractors, to make an agreement which we submitted to you some time ago.

We ask, sir, that you will endeavor to have your representative present so that some agreement can be arrived at at the earliest possible date. I remain,

Yours truly,
M. HENRY MILLER,
Chairman of Agreement Committee.

To this communication only one electrical contractor has replied, to the effect that they could not see their way to attend the meeting until the contractors had arrived at some decision in the matter.

TO FIX RITES AT PICNIC.
The Metropolitan Methodist Sunday school will hold its annual picnic at the Athletic Park, South side, on Thursday afternoon. In case of rain the picnic will be on Friday. Prizes are to be awarded for the best home made apple pie, and for the best lemonade. Also to winners of athletic events for both boys and girls.

SAW FLUKE RAPIDLY NOW.
The ingenious mechanics of the G. T. P. shop have rigged up a circular saw for cutting of boiler flues. It is a time-saver, a money-maker.

TO BEYRN NE-GLIGENT.
The G. T. P. at Edmonton have been testing a patent spark arrester which will enable their locomotives to burn semi-liquid coal from mines situated on the G.T.P. line west of Edmonton.

An engine with this device attached has been running on the train to Bayreuth.

G. W. B. ENGINEER BEHEP.
Mr. James O. Behep, of the G. W. B. Engineering Co., has arrived at West Edmonton. Mr. Behep was formerly business manager of the Great Western railway in Canada. W. Jones, a former partner of Mr. Behep, is now in charge of the G. W. B. shop.

NEW MERCHANTS BANK ON PAY DAY.
The new branch of the Merchants Bank will open at West Edmonton on Friday. The bank will be in charge of Mr. J. A. Pinner, formerly accountant at the Pinner Avenue branch, with Mr. J. A. Pinner as manager of the West Edmonton bank.

FINES CATERPILLAR POWER.
The city of Edmonton has a caterpillar, a grade improving from downtown. The caterpillar helps to break the dirt road and the grade rounds up the surface so that the rain will run off and not make mud. This city is a more modern city than the horsepower grade of the village of West Edmonton, but the small outfit did some work. If both the village and city grading outfits kept at work long enough there should be a big improvement in the streets north of the city.

NEW SCHOOL SITE SELECTED.
On Tuesday a committee of the city school board of the city of Edmonton visited the part of the city north of the G. T. P. shop and selected a site for a temporary two-roomed school. It will be completed in time for use after the summer vacation.

NEED AUTOMATIC PHONES.
The citizens and business men of the city of Edmonton are desirous of an improvement in the telephone service, especially the installation of the automatic phones which are far more satisfactory than the present system.

POLICE NEEDS AT W. EDMONTON.
There is no regular police patrol in the part of the city north of the G. T. P. shop. The police of West Edmonton only include the West Edmonton police. The police of West Edmonton only include the West Edmonton police.

Count Zeppelin Flies Airship on 75th Birthday

Greatest German of the Twentieth Century Is Recipient of a Wide-spread Congratulations

Berlin, July 9.—Count Zeppelin, whom the Kaiser has called "the greatest German of the 20th century," was 75 years old yesterday. He celebrated his birthday at Friedrichshagen by steering his twentieth airship on a trial trip with two of his own relatives as passengers. The new vessel will be known as the "Z.V." when it is commissioned for the army.

Among hundreds of congratulatory telegrams received by the veteran airman from all parts of Germany, came the following from the Kaiser: "My warmest good wishes on today's completion of your seventy-fifth year. The Kaiser and the empire are proud of the German achievement of the air. May you live to enjoy for a long time in health and youthful vigor the triumphs which you are achieving in increasing degree from year to year."

Privy Councillor Albert of the imperial home office, who conveyed greetings of the German government to Count Zeppelin, said in a speech: "The Kaiser and the empire are proud of the German achievement of the air. May you live to enjoy for a long time in health and youthful vigor the triumphs which you are achieving in increasing degree from year to year."

Count Zeppelin himself marked his anniversary by the establishment of a prize fund for his employees who show most skill.

Thousands Have Already Attended the Show, and Have Around Farm Implements Show Interest of the Farmer of Stock Raiser.

Winnipeg, July 8.—Winnipeg industrial exhibition opened this afternoon auspiciously. Hon. W. A. Churchill, M.P.C. of Toronto, introduced by Sir William Whyte, was the speaker of the occasion.

Thousands were there already, and the crowds that can be seen about the grounds of the exhibition are full and open, and the prize animals are now being shown to the public. The exhibits are full and open, and the prize animals are now being shown to the public.

HEAVY DAMAGE CAUSED BY GALE IN ILLINOIS

Several Lives Lost, Houses Set on Fire and Farm Buildings Destroyed by Wind Storm—Telephone Wires Down.

Aurora, Ill., July 8.—Several lives have been lost here after a severe gale hit the city and hundreds of farm buildings were destroyed by the wind. The loss in the surrounding country was great.

The Dead.
R. Fraser, travelling salesman, Geneva, touched live power wire blown over house.

The Injured.
Percy Ream, 20 years old, 80 Charles street, fractured by flying tree, will die.

MISSIONARY TO SOLOMON ISLES VISITOR IN CITY

Bishop Bertrux Tells of Work of R. C. Mission Among Cannibals

Bishop Bertrux, prefect apostolic of the Solomon Islands, whose meeting with his old school friend Archbishop Laval, after a separation of more than thirty years, took place in the city yesterday, has had a missionary life which would interest an audience if he could be induced to narrate it. Few have any conception of the perils which have been encountered by his endeavor to bring the light of the gospel to the natives of the Solomon Islands. Scores of the natives of these Pacific islands either died through the treachery of the natives or succumbed to malaria fever, which prevails in the islands.

When the Catholic Church first sent her clergy to the work of conversion, the natives of these Pacific islands were all bloodthirsty cannibals. They were constantly engaged in internecine wars and seemed to have no other pleasure than in shed blood.

Work Started in 1841.

Speaking of his missionary work, Bishop Bertrux said that it was in 1841 that the Society of Mary was first entrusted with the evangelization of these islands. Since that time the Marists have sent 250 missionaries, all French, to the Pacific islands. At the present time there are six bishops, one prefect, 200 priests, 70 brothers and 250 nuns.

The brothers and native teachers are in charge of five high schools and 250 other schools. Fully 8,500 children receive education in their schools. While Catholic population under the banner of the Marist fathers number 70,000 souls.

Mission Sown in Blood.

Today the mission to the Solomon Islands numbers 6,000 converts. The mission in the Solomon Islands was sown in the blood of the missionaries. Bishop Epalle, the first bishop, was martyred. His last words were: "Lord, accept my life for the conversion of my murderers."

Suspension of Pittsburgh Bank Accepted in London With Equanimity.

London, July 9.—The suspension of the First-Second National Bank of Pittsburgh and the run on the Pittsburgh bank for securities, are the first serious financial events since the outbreak of the war. The suspension of the bank was accepted in London with equanimity.

On the whole the universal financial storm, which is being felt in all parts of the world, has not exerted any appreciable effect on the market for American securities.

RUN ON PITTSBURGH BANK GROWS SMALLER

Depositors Who Desire to Withdraw Money Are Asked Every Facility—Complaints Made by People Who Want to Deposit.

Pittsburgh, Penna., July 9.—When the Pittsburgh bank for Savings opened for business today the run that was started on Monday upon the closing of the doors of the First-Second National bank, was resumed, but not in such volume as the two preceding days.

Police regulations continued to be maintained and all the receiving windows were kept open for the use of those desiring to withdraw money from the bank.

Those who came to deposit found much difficulty in being waited on quickly and complaints from these President W. J. Jones, who was elected yesterday, said was a demonstration of the confidence in the bank. He further announced that all letters were at the service of the bank.

Withdrawal and that as little inconvenience as possible would be caused. He again reiterated former declarations of the bank's officials that the bank was prepared to meet the most exacting situation.

Winnipeg School Board Cannot Reduce Its Expenditure.

Winnipeg, July 8.—By not one dollar can the Winnipeg school board reduce its proposed expenditure of \$1,000,000 for 1913-14, notwithstanding a recent rescue from the city controller that it should be made.

So much was definitely stated last night by J. A. McKersie, speaking for the finance committee of the school board, at a meeting of the board.

While the board took no action respecting Mr. McKersie's report it was tacitly accepted as authoritative announcing the board's ultimatum.

EDMONTON BRANCH J. J. ANDERSON, MANAGER

TWO FALSE ALARMS.
Two false alarms were received at the fire station yesterday morning. A telephone message came into the central station on the North side of the effort that the C.N.R. ticket office was on fire, while No. 6 station, south side, received an alarm from box No. 515. In each case it was found that there was no fire.
